

Tioga County Farmers' Market Directory

2008

**TIOGA
COUNTY
FOOD
ALLIANCE**

Tioga County Development Corporation

About this Directory

This directory provides a listing of markets throughout Tioga County organized by various local individuals and organizations. Each entry contains the market name, location, contact person, phone number, days and hours of operation, and a brief list of products offered. Market opening dates and crop availability are affected by the weather and are subject to change. A telephone call will assure that the market is open for business, the product you desire is available and verify directions to the market.

The directory is published by the *Tioga County Development Corporation* in partnership with the Tioga County Food Alliance, Buy Fresh Buy Local and STEPS to a Healthier PA to serve as a guide in purchasing Tioga County products. These programs are all charged with the mission to provide Tioga County residents with quality, nutritious and local foods that will improve the health of residents while contributing to the local economy.

The directory is a component of our *Buy Tioga County* initiative and made possible through Senator Joseph B. Scarnati, III and a Community Revitalization Program Grant from the Pennsylvania Department of Community & Economic Development. We want every Tioga County resident to be aware of products and services produced in Tioga County and the purchasing impact we have on our economy every time we *Buy Tioga County*.

If you are interested in being listed in our directory, please contact TCDC at (570) 723-8232 or tcdc1@ptd.net.

The information compiled in this directory is published solely as a convenience. Although every effort was made to ensure complete and accurate information, omissions and errors may occur. Readers are urged to notify TCDC of any inaccuracies.
